Shultz Engineering Group

*strives to exceed client expectations
by designing, testing, and commissioning functional, healthy,
and efficient indoor and outdoor aquatic projects
through the application of mechanical and electrical systems technology.*

Guiding Principles:

Honesty, integrity, and respect for people are the basis for everything we do. We seek to create deep abiding trust from all who know us by:

- always meeting the needs of our clients
- being the most technologically educated
- wisely applying available technology
- utilizing sustainable design principles
- designing systems that conserve energy and resources
- working to control project costs
- producing the highest quality work
- volunteering our time to serve others

Aquatics Systems Design Capabilities:

We have the ability to provide aquatic consulting and design for public and private sector clients all over the U.S.

Types of facilities include:

- Water Parks
- Competition Swimming Pools
- Natatoriums consulting
- Water Recreation Facility consulting
- Diving Facilities
- Therapy Pools
- High-end Architectural Pools
- Interactive Fountains
- Spray/Play Grounds

We assist our clients with all phases of their project including:

- Aquatic Consulting
- Aquatic Design
- Feasibility Studies
- Construction Inspections / Administration

Engineering Personnel:

George W. (Billy) Austin, Jr., *PE, Principal*
Fellow ASHRAE
BCxP, BEAP, BEMP, CDP, CEM, CHD, CPD, HBDP, HFDP, OPMP, LEED AP BD+C
baustin@shultzeg.com

Charlie D. (Chuck) Curlin, Jr., *PE, CEM, CPD, Principal*
ccurlin@shultzeg.com

Donald J. (Don) Deese, Sr., *CEM, Partner*
ddeese@shultzeg.com

Timothy A. (Tim) Payne, *PE, Partner, Senior Electrical Engineer*
tpayne@shultzeg.com

Tammy D. Elis
Aquatic Business Development & Project Manager
tellis@shulte.com

George Reese, *Mechanical, Plumbing, and FP Senior Designer, Associate*
greese@shultzeg.com

Brian Winkler, *PE, Associate Senior Electrical Engineer*
bwinkler@shultzeg.com

Randy R. Reavis, *RCCD, CCA, Associate Senior Electrical Designer / Project Manager*
rreavis@shultzeg.com

Jackson Stone, *PE, Associate Senior Mechanical Engineer*
jstone@shultzeg.com

BCxP = Building Commissioning Professional
 BEAP = Building Energy Assessor Professional;
 BEMP = Building Energy Modeling Professional,
 CDP = Certified Decarbonization Professional
 CEM = Certified Energy Manager;
 CPD = Certified Plumbing Designer;
 CPMP = Commissioning Process Management Professional,
 HBDP = High-Performance Building Design Professional,
 HFDP = Healthcare Facilities Design Professional

Company Background:

Shultz Engineering Group, founded in 1976, offers engineering services in the areas of comprehensive aquatic systems design, plumbing, medical gas, HVAC, fire sprinkler, electrical, lighting, telecom, and fire alarm, including analysis, design, commissioning, energy assessment, and construction observation for recreational educational, governmental, healthcare, industrial, institutional, medical, military, religious, and retail projects. We routinely team with architects, engineers, and contractors to provide turnkey designs for permit and design-build projects of any size or scope.

Engineering Registration in all 50 states

15 ASHRAE Excellence in Technology Design Awards among the design team

Shultz Engineering Group is certified as a Small Business Enterprise (SBE)
